

Hello,

I would like to say that I will never vote for anyone who supports a limit on free speech. I currently pay a monthly fee to receive XM Satellite Radio which offers me many services local stations do not. It is sad that local stations are trying to limit Satellite radio when they offer a free product that is so bad I am willing to pay for something better.

Please vote no to NAB's petition 04-160 and Yes to free speech.

Thank you for your time.

Bryan Gawronski
